

## How to Contact Maine's Congressional Delegation

We have heard directly from our Congressional delegation and their staff that they want to hear what you think about Elliotsville Plantation, Inc.'s proposal for a new National Park and National Recreation Area in Maine. Contacting them is the *most effective* way to advocate for the proposal at this time. Please consider calling or writing to them to tell them why you think a new National Park and National Recreation Area is good for Maine.
