

April 15, 2016

Dear Emmie,

On behalf of the Harward Center for Community Partnerships, I am delighted to announce that you have been selected as the recipient of the 2016 Bates-Morse Mountain Award for Environmental Stewardship. You were nominated by Laura Sewall and were chosen from an array of wonderful nominees.

The awards celebration will be held on *Wednesday, May 11 from 4:00-6:00 p.m. in the Muskie Archives at Bates College.*

We are inviting each of the award recipients to make a brief note of thanks or comment about his/her outstanding work. If you would like to make a comment, we would ask that you limit your remarks to two minutes; we want to make sure that all the honorees, from the start to the finish, have time to be recognized. A Harward Center staff member will be introducing you, so please send along a very brief biographical summary outlining the scope of your work. This should be emailed to Kristen Cloutier at kcloutie@bates.edu by April 27, 2016.

Congratulations!

Sincerely,

Darby K. Ray
Director
