Healthy Waters: NRCM plays a critical role in preventing p	ollution to				
Maine waterways and advocating for policies to improve the	health of				
our rivers, lakes, and streams, as well as the communities	, wildlife,				
and fisheries that depend upon those waters. NRCM focuses	on removal of				
obsolete dams that block fish migration, preventing toxic	pollution				
such as mineral mining, and watchdogging permit applications and policy					
proposals that could threaten Maine waters.					

State House Advocacy: NRCM is Maine's leading environmental advocate at
the State House, using its policy advocates and outreach staff to track
and influence dozens of bills each legislative session. NRCM drafts
legislation and amendments, testifies before multiple committees, works
with coalitions on legislative strategies, and provides education to
elected officials as they seek passage of important legislative
proposals across a range of issues.

Forests & Wildlife: NRCM works to protect Maine's natural areas,
wildlife habitat, and the undeveloped character of Maine's North Woods.
We support responsible land development and sustainable forest
practices that protect sensitive ecosystems and habitat. We also
advocate for increased public ownership of Maine lands to improve
access to the natural world for Maine people and visitors. While
development pressures and the loss of public access continue to
intensify, NRCM remains a leading voice for balancing economic
development with conservation, especially in Maine's iconic North
Woods.
